There was a discussion about the planning application DC/18/3772/TPO as the Chair reported that he had gained further information. The Councillors decided that they would now refuse the planning application because they could not see that the trees would bring structural damage to the church, there is any issue with the trees and there was no other external reason to fell the trees. Therefore the Council would wish to uphold the Tree Preservation Order.

The Clerk said that as this issue was not on the agenda, he could not submit this view to the District Council but would take further advice. However he would put the council's view on the minutes as a record of their view.
